NOTHING reflects the "personality" of a business house as much as its printed matter, and nothing contributes to the delinquency of printed matter as much as poor Engravings.

Our plant is a complete Engraving and Electrotyping plant, with every modern facility for producing Engravings that will stamp your printed matter with Quality.

BOTH PHONES 1270

OUR Art Department is especially prepared to furnish, either from the object itself or from designers' blue prints, drawings of Bird's-eye Views, Automobiles and Accessories, Machinery and Furniture.

Every photograph, however good, will need a certain amount of retouching. This we do intelligently, instilling into the subject those essentials that make for quality.

We prepare sketches and designs for Catalog Covers, Letter Heads, Business Cards and Trade Marks.

We do all this and more. We produce Engravings that are etched deep, mounted right and if in colors, made to register.

When preparing your next printed matter send for our representative and receive an estimate on your Engraving. Prices commensurate with the highest class of workmanship and skill.
